

Furman Manufacturer Warranty

WARRANTY:

Furman has a very generous Limited Warranty term of three years for defects in materials or workmanship on registered units. For units that have not been registered, the Limited Warranty period is twelve months. Our warranty covers parts and labor, with the term measured from the date of purchase of the new unit by the original owner. The warranty is not transferable. Extended Warranties are no longer sold, but those that have been purchased in the past will be honored as long as the contracted term is in effect. This warranty policy applies only to standard Furman products. RackRider products and Furman "Performance Series" products have a 90 day warranty term.
